MARKET

According to the report published by Allied Market Research, India is the 2nd largest tiles market in the world. The India ceramic tiles market generated US \$ 3.72 billion in 2019, and is estimated to reach US \$ 7.14 billion by 2027, registering a CAGR of 8.6% from 2020 to 2027. India's sanitaryware market was valued at US \$ 665.36 million in 2020 and expected to reach US \$ 1074.71 million by 2027, at a CAGR of 7.38 % over the forecast period 2021 - 2027.

As per the Pool and Hot Tub Alliance, the main United States industry trade group, revenues in the industry had surged at least 10% in 2020. According to a global swimming pool market report, the industry is growing at more than 3% CAGR. While North America remains the largest market, the Asia Pacific region is emerging as the pool industry's fastest-growing market.

With a CAGR of 40 percent per year, the spa industry is the sub sector with the most significant growth prospects among all personal care sub sectors in India. As per analysts, the Ayurvedic market is estimated to be at Rs. 4,500 crore at present. The herbal products forms 6-7 per cent of the overall personal care products market currently while the estimates are that it could grow to about 10 per cent of the segment. According to industry experts, the market size of India's beauty, cosmetics and grooming market will touch 20 billion dollars by 2025 from the current level of 6.5 billion dollars.

The market which was earlier women centric has started concentrating on male grooming and is coming up with large numbers of unisex salons. The overall beauty and personal care market in India is estimated at Rs. 74,700 crore by retail sales value and the personal care industry in India has been expanding at 13 percent year-on-year, far surpassing the overall economic growth rate.
